PROFESSIONAL SUMMARY

Aspiring Software Engineer with experience in coding curriculum development, IT support, operations support, and web server exposure. Building a portfolio focused on Python, full-stack web development, SQL, Git/GitHub, and beginner-friendly applications.

TECHNICAL SKILLS

Languages: Python, HTML, CSS, JavaScript, SQL | Additional Exposure: C#

Tools: Git, GitHub, VS Code, Visual Studio, Netlify, Microsoft Office, Asana, ChatGPT, Claude

Systems Exposure: Linux, Nginx, MySQL, PHP

Concepts: Web Development, File Handling, Debugging, APIs, Agile/Scrum Basics, Technical Documentation

PROJECTS

Customer Loyalty App

- Built a responsive web app using HTML, CSS, and JavaScript with demo login, rewards, coupons, profile, dashboard, and admin features.

Code Journey Portfolio

- Built a personal portfolio website using HTML, CSS, and JavaScript to organize projects by language and connect to GitHub repositories.

Python File Management

- Created a Python project to practice reading, writing, organizing files, debugging, and project documentation.

EXPERIENCE

The League of Amazing Programmers — Code Curriculum Developer, Remote

San Diego, CA | August 2025 – Present

- Develop coding curriculum for K–12 students focused on Python, robotics, and game development.
- Create lesson plans, coding projects, assessments, activities, and teacher resources.
- Collaborate with educators, instructional designers, and engineers to test and improve curriculum.

PRSMUSA LLC — Technical Operations Support Intern — Remote

Kokomo, IN | July 2024 – August 2025

- Gained hands-on exposure to web server deployment concepts using Linux, Nginx, MySQL, and PHP.
- Assisted with reviewing network traffic and application logs to understand monitoring and troubleshooting workflows.
- Learned technical operations concepts related to server reliability, application performance, and issue investigation.

Macha Family Eye Care — IT and Digital Marketing Manager — Hybrid Remote

Anderson, IN | January 2025 – July 2025

- Managed website updates, performance, security, SEO improvements, and digital marketing support.
- Provided IT support by troubleshooting hardware, software, website, and basic network-related issues.

Walmart Vision Centers — Vision Center Manager

Indianapolis, IN | November 2022 – November 2024

- Managed daily operations, scheduling, records, patient support, and business workflows using Microsoft Office and database systems.

EDUCATION

Purdue Global — B.S. Information Technology, Software Development concentration

Expected Sept. 2026 | GPA: 4.0 | Chancellor's List Every Term
